MOBILE OFFICE ENTERPRISES - MOBILE WORKSTATION SOLUTIONS

Mobile Office Enterprise specialize in the supply of equipment to support business applications used in a mobile environment. Mobile Office Enterprise (MOE) focus on military and medical applications to provide ergonomic and user-friendly solutions capable of dealing with any situation. Key considerations in the development of MOE equipment are the maximization of space, comfort, use and productivity. The Mobile Desk line is made up of universal computer docking and mounting solutions designed to cover any mobile requirement, products include the Xtreme Desk, Xtreme Desk-HS and the Field Desk. MOE can also provide complete turnkey solutions for any situation and offer customers a full and thorough consultation to meet every specification.

THE XTREME DESK

The Xtreme Desk represents the next generation of mobile desks. It is of a rugged, robust design that is a perfect fit for all off-road vehicles. It has a heavy-duty desktop, advanced shock control and a fully adjustable pedestal to make it an extremely versatile product. The top can rotate 360° to accommodate both driver and passenger and is adjustable in height from 7in to 27in. It can be supplied with a screen holder, which can be useful in situations where a laptop screen is prone to keep shutting.

THE XTREME DESK-HS

The Xtreme Desk-HS has all the features of the Xtreme Desk but with an added high security element. The main difference between the two models is the addition of a locking top that can be used to secure a laptop to the desk. Using Notepad 3® the Xtreme Desk-HS uses a key locking system to prevent removal of a laptop.

THE FIELD DESK

In certain situations where it is not feasible to enter data in a car or office the Field Desk provides an effective solution. It is designed for ease of use and transport, and can be adapted for a range of different environments. The Field Desk utilizes a heavy-duty tripod design with MOE's standard desktop. The
